15. Talking with Your Teen About Vaping – A Tip Sheet for Parents

Please see link for important information.

<http://go.vsb.bc.ca/schools/byng/Parents/Document%20Files/HC%20Talking%20with%20Your%20Teen%20About%20Vaping%20-%20Dec%202018.pdf>

16. Information for Parents and Students on Vaping

Vaping - Students are not permitted to use a vape device at Lord Byng school. All students have been informed that vaping is not permitted in the school, on the school property or while attending any Vancouver School Events – including but not limited to athletic events and any Field Trips – local, regional, national or international. Parents and Guardians, we ask that you discuss vaping with your student(s).

Any student caught vaping will be brought to the office and the device will be confiscated. The administration will call parents/guardians to pick-up the student, and if they wish to also claim the vaping paraphernalia. We will take an educational approach with all students (see below), and VSB Administrative Procedures regarding progressive discipline will apply. Students choosing to vape at school may be suspended; they may also be jeopardizing scholarship awards and permission to play on school athletic teams, to attend sporting events, and/or to participate in school related field trips.

Ted Holkestad, our Lord Byng School Age Children and Youth (SACY) worker is helping to educate our students about vaping. He's asked that we share the following information:

REASONS WHY YOUTH VAPE

Perceived as safer alternative to smoking cigarettes or to (to quit smoking)
Curiosity, Experimentation, Social connection, Peer influence, Identity and/or
Reputation, Expressing
independence, Coping strategy

Concerns from Byng community and Staff:

Negative Health Impacts, Reinforces Smoking Culture, Addiction

Frequently asked question: Is It Safe? A Good Question, though, is it safer than what? Vaping is not harmless, and it is not safer than not vaping. Vaping is not a healthy choice for a non-smoker ...

Nicotine Risks:

Addiction is a real concern with nicotine, especially when entwined with social and emotional needs.

- Vaping is perceived as a subtler experience than cigarettes (i.e.: less odour, less smoke) while at the same time some devices are designed to deliver very high doses of nicotine
- High levels of nicotine can negatively impact anyone

Cannabis Use in Vape devices:

- Cannabis is a psychoactive substance and carries risk factors whether vaped or used in other forms
- During the years of adolescent development (brain development, social/emotional development, character development, habit development) psychoactive substances are better put off for the future

Response from Byng Secondary:

Education and Health Promotion, as well as enforcement of school and VSB rules regarding the use of vaping devices at school-

- SACY Worker classroom visits for Grade 8 & 9s (I've already booked a number of these)
- Information at Grade assemblies
- Encourage healthy living !!!

We support students interests in healthy activities !!!

Ted's door is open and he's here to help students with their decision making process...

17. Grade 12 Parents – University/Post-Secondary Institutions Applications

Dear Grade 12 Parents,

All students who are applying to post secondary institutions in Canada must do the following:

Student Transcript Services, this is where Grade 12 students LOG IN with their BCeID (they need to create one if they haven't already) and then select which post-secondary institutions can have access to their transcript: <https://www2.gov.bc.ca/gov/content/education-training/k-12/support/transcripts-and-certificates> Typically, post-secondary institutions will see their interim marks and final marks.

In addition to Step 1 (BCeID), Students must also check with each University and do the following: for example self-report (UViC, SFU, Western), upload their transcript/marks (UOT, York), mail (Queens, Dalhousie), and finally nothing (only UBC).

Grade 12s have been doing a great job coming to me and asking for any help that they need! Great job, parents!

18. Grade 12 Parents – Scholarship Information

Dear Grade 12 Parents, I have been advertising many scholarship opportunities through our grade 12 Facebook closed group Counselling Opportunities & Notices.

I have also encouraged all the students to check out each post-secondary institution that they are applying to and check out the scholarships they offer.

Lastly, there are many scholarships out there, as well as various websites that students can use in order to search for scholarships. These have also been given and advertised to all the students. <http://go.vsb.bc.ca/schools/byng/departments/counselling/Pages/Scholarships.aspx>

LB Scholarship applications have now also been advertised to grade 12 students through our FB page. They can print them out, fill them out and hand them in to me. Due date for this is April 8. I will visit English classes to talk to students more about this in March. If you would like to take a look, here is the link: <http://go.vsb.bc.ca/schools/byng/departments/counselling/Pages/Scholarships.aspx>

19. IMPORTANT Grad Transitions - INFORMATION FOR GRADES 11 & 12 PARENTS

Dear Grades 11 and 12 Parents,

On October 9th, all Grade 11 and 12 Byng students participated in a mandatory assembly to learn about Graduation Transitions: 2019

Completion of BC Graduation Transitions 12 course, is required for Graduation in June 2019. It is a requirement for Graduation in 2019. At Lord Byng our teachers have developed a comprehensive and fairly simple model of Grad Transitions: one which has seen hundreds and hundreds of Byng students complete and graduate successfully. It's great and it's simple. Please see <http://gradtranslordbyng.blogspot.com/>

As this is the last year of Grad Transitions and the replacement Capstone Project for Grads in June 2020 is not yet fully developed, we're letting Grade 11 students this year join our Grade 12s in completing the Grad Transitions program – in 2018-2019. If students in Grade 11 *want* to do this, they will need to finish all the assignments by April 2019, and turn all necessary assignments and documentation in to Mr. Mike Vulgaris, Vice Principal in charge of Grad Transitions. We will have boxes in the office for this purpose. **Note:** we have already pre-registered our Grade 11s for Grad Transitions, so it will appear on the report card, just as it does for our Grade 12s.

Grade 12 students MUST complete Grad Transitions this year, by April 2019, in order to Graduate. Grade 11 students have this opportunity as an option – but only this school year. Any Grade 11 student not completing the Grad Transitions Program this school year will be completing a different program based on the new BC curriculum, involving a "Capstone Project" https://curriculum.gov.bc.ca/sites/curriculum.gov.bc.ca/files/pdf/10-12/career-education/en_ce_capstone.pdf as a part of the new Career Life Curriculum: https://curriculum.gov.bc.ca/sites/curriculum.gov.bc.ca/files/pdf/10-12/career-education/en_ce_career-life-connections_elab.pdf. As so many details of the new Career Life curriculum are not yet clarified, we think it prudent to allow both our Grade 11s and 12s the opportunity to do Grad Transitions. Please speak to your students about this, whether they be in Grade 11 or 12.

Stay tuned for updates and deadlines from Mr. Vulgaris!

Please contact Mr. Vulgaris with any questions/concerns that you may have. Use "Grad Transitions" in the subject line.
