2. **Grade 12 Parents and Students**

Hello Grade 12 parents and students:

Tomorrow we will be holding the Grade 12 English exams in classrooms along the second floor. The exam starts at 9 am and we are recommending that students arrive 30 min early to locate their rooms and to get settled. Students are being organized alphabetically into groups of 25. A list of rooms and last names has been posted outside of the office. There will also be signage present on the doors of each classroom to help guide everyone. We hope you all have a restful evening and a nice breakfast before you take the last test of your high school career. A reminder that after your exam we will be having a grad BBQ outside in the basketball courts; all grads are welcome. Looking forward to celebrating your learning tomorrow.

3. **Yearbook Omission**

As many parents of grade 9 students are aware a page of individual photos was not printed in this year's annual. This means that a little over eighty grade 9 students did not get a portrait picture. As the teacher of the class I do want to extend my apologies to those students that had to experience the disappointment of not seeing themselves in print. I fully understand how upsetting this can be when so many of your peers are reveling in their annual, so again, I am sorry that this has occurred.

As a remedy for this situation we will be printing up the missing page. The page will come with an adhesive strip that allows the page to be inserted and become part of the book. In the end very few, if anyone, will be able to tell that the insert was ever not included in the original printing. We can not guarantee the pages will arrive before the end of June (though we are striving for that), but if we can not distribute them before July we will get them out to the affected grade 9 students in September. We will notify people via email, either through this e-bulletin or as a separate message. I understand this is not the solution that will make everyone happy; it is the best one given the circumstances.

I also want to take a moment to congratulate the small group of hardworking students who made this year's annual. It is a wonderful publication that included some bold, well executed design decisions. It is a great achievement for these young women and men to complete a project like this. To go from no to little experience in design, photography, work flow and information management and in the end create something that is prized by their peers for years to come is an accomplishment to cherish and celebrate. Way to go guys! You made me proud!

4. **Report Cards**

Grade 12 students can pick up their report cards on Thursday, June 29th at 11:00-11:30 outside the main office. Report cards will be printed for grade 12 students only. All reports cards (grades 8-12) will be posted to the MyEducation BC family portal the morning of Thursday June 29th.

5. **Lockers**

Just a reminder that all students need to have their lockers cleared out by Friday, June 23rd. After these dates, all lockers will be emptied with any items placed in the lost and found in the front hallway. At the end of July, remaining items in the lost and found will be donated to charity.

10. Call for New Employers for Work Experience

Work Experience is a senior level, 4 credit course offered at Lord Byng. Students are placed and supported in a wide variety of volunteer experiences. The aim of the programme is to increase the student's employability skills and at the same time allow them to gain an awareness of what work in their chosen field really looks like.

Students may be involved at any point in the year; however, most are hesitant to miss school and would prefer to participate during school breaks or on weekends.

The VSB Career Program is always working to expand its Work Experience Employer Base in order to allow for a wide range of experiences for our students. In order to join the programme companies must have WCB coverage. The VSB has additional coverage with WCB if this criterion is met. In general, students are mentored and the company agrees to have a supervisor present within the business. Students are given real work to do when possible or are invited to shadow when the required skill level is too great. Employers have the ability to meet and interview the student prior to signing off on the placement. The work experience coordinator is in contact with students and employers through the process.

Although we have placed more than 60 students for at least a week this summer, we are still seeking a few more targeted placements. I'd appreciate hearing from you if you think that your company might be able to help create a 25-40 hour placement for one of our students. I am actively looking for volunteer positions:

- 2 - IT/ coding/ programming positions.
- 2 - architecture placements.
- 2 - accounting or finance positions.
- 1 - environmental biology (birds)
- 2 - medical/health science related placements
- 2 - law placements

There are also a number of students who have many volunteer hours and are now considering paid work. I would be happy to help you connect with one of Lord Byng's employable youth.

14. Traffic Safety

Traffic Safety: Please be very cautious when driving around our school. We need to keep access to the school safe for everyone. Drop off and pick up of students should not block the streets or the entrance to our parking lot. The further away from the school the safer for everyone. If you're near the school you may drop-off Lord Byng students on Wallace or out in front of the school, on 16th, but please do not come into the school parking lot or in any way block the entrances to our school.

Avoid pick-up or drop-off of students along Crown, or *anywhere* near the elementary school. If you're in the car waiting to pick up a student after school, please do so as far from our school zones as possible. We've had a number of dangerous traffic incidents with students, especially in the congestion around the elementary school. As the fall weather sets in, Police and Bylaw Enforcement will be coming to help us alleviate the dangers of traffic around our school. Please remember to be careful, and adhere to all the traffic laws and parking bylaws. During school hours, pick-up and drop-off of Byng students in the staff parking lot area is not permitted.

Thank you for helping us to keep the students safe.
