GET A HEAD START ON YOUR TECHNICAL TRAINING IN HIGH SCHOOL

Program Details
This program will prepare students for the A+ certification and LPI certification exam. Time permitting, it may provide enough background for the ICND 100-101 certification exam. Students will:
• fix, troubleshoot and build computers
• set-up, design and implement computer networks
• create their own cable
• set up and manage Linux server and create bash scripts
• create programs for server side or mobile devices
This is a one-year program held Day 2s at Killarney Secondary.

Benefits for Students
On successful completion students receive:
• 16 credits for high school graduation
• Credits for Level One of the two-year Computer Information Systems Administration Diploma Program at BCIT.
• The opportunity to take a BCIT bridging course to gain entry to CISA Level Two

Costs to the Students
Materials, supplies and international industry standard certification exams will cost approximately $450.

Application Process
Applications can be found on our website: careerprograms.vsb.bc.ca.
Submit completed application to Career Programs.

APPLICATION DEADLINE: MARCH 1ST
