

## WORK EXPERIENCE PROGRAMS

### WEX12

Gain insight into the world of work during Grade 11 and 12. Work experience will provide you the opportunity to learn about the job market and develop your own interests and strengths.

Complete the in-class component and participate in a minimum of 90 hours of hands-on work experience in the community.

### JOB TRAINING

A great opportunity for students with diverse abilities to gain skills in employment, travel training, and social interaction through supported and independent work experience in their local communities.

*"My work experience was a fun eye-opening experience. I learned so much about one sector of the work force and what the future has to offer me after finishing my education"*

- Jonathan

## YOUTH TRAIN IN TRADES (formerly ACE IT)

Do you have the aptitude, motivation and academic ability to get started on a trade while you complete high school?

Take a Train in Trades program in Grade 12 and gain your first year of technical training for free. You will earn credits towards both graduation and post-secondary industry training.

### We offer the following training programs:

<i>Auto Refinish Prep</i>	<i>Heavy Mechanical</i>
<i>Auto Collision Repair</i>	<i>Metal Fabrication</i>
<i>Auto Service</i>	<i>Millwright</i>
<i>Baking &amp; Pastry Arts</i>	<i>Motorcycle &amp; Power</i>
<i>Carpentry</i>	<i>Plumbing</i>
<i>Commercial Painter</i>	<i>Professional Cook</i>
<i>Electrical</i>	<i>Welding</i>
<i>Hairdressing</i>	

## YOUTH WORK IN TRADES (formerly Secondary School Apprenticeship)

Start your apprenticeship in a trade area while you are in high school, and get dual credit towards your apprenticeship and your high school diploma.

Enroll in Work in Trades at any time during Grades 10, 11 or 12 once you have found an ITA certified tradesperson willing to sponsor you as an apprentice.

## DUAL CREDIT PROGRAMS

Participate in one of these post-secondary programs and you will earn credits towards both graduation and post-secondary training.

### HEALTH CARE ASSISTANT

Are you considering a future in health care? Develop knowledge and skills to function effectively as a front-line care giver.

### TRADES SAMPLER

BCIT offers high school students hands-on experience in approximately 15 different trades including: metal fab, welding, framing, and electrical.

*"I was really nervous to start and didn't know if I'd like it. Now I'm up every morning, eager and excited to start!"*

- Riley

## SUMMER SCHOOL

### SKILLS EXPLORATION 11

Hands-on experience in auto service, carpentry and plumbing. For Grade 10's going into Grade 11.

### FOOD AND BEVERAGE SERVER

Are you interested in finding paid work? Food and Beverage Server 11 could be just the course! It is a 4-credit course that provides you with skills, knowledge, certification, and work experience so that you can land your dream job.

## SCHOOL BASED PROGRAMS

### ENHANCED TRADES

If you are going into Grade 11 and curious about the trades, this may be the program for you. You will take Metalwork 11, Auto 11, Engineering 11 and Socials 11 on day 2's at Killarney Secondary.

### FASHION DESIGN AND TECHNOLOGY

Do you have a flare for fashion design and sewing? This two year program is held during Grade 11 and 12 on day 2's at Eric Hamber Secondary.

### I.T. NETWORKING & CISCO CERTIFICATION

The demand for I.T. workers continues to grow and this one year program taken in Grade 12 at Killarney Secondary, will prepare you for industry recognized certification.

When you complete this program you will earn credit for Level 1 CISA Tech Diploma at BCIT.

### TUPPER TECH

Are you going into Grade 12 and have an interest in trades training but not sure which trade to pursue? Tupper Tech is designed to give you basic trade skills and help link you to a post-secondary program or an apprenticeship.
