Dear Parents/Guardians,

Today the City of Vancouver turned off the water supply, in the Nightingale School neighbourhood, to make emergency repairs to a City of Vancouver water main. As a result, Nightingale School's water supply was turned off. Staff from VSB operations are communicating with the City of Vancouver to ensure the main water supply is restored as quickly as possible to the school. During this time, students were able to use toilets and we currently have running tap water from a temporary feed.

Please note the scheduled move night for tonight March 8<sup>th</sup> is cancelled.

Thank-you for your continued support.

Ms. Morgan  
Principal
