Dear Parents and Guardians:

Thank you for continuing to support "Windermere Community Programs" (WCP) offered through the VSB's Windermere Community Schools Team. Our after school programs aim to provide children the opportunity to participate in a variety of recreational and/or academic programs while also supporting secondary school students in the development of their leadership skills.

As you may be aware, the mandate of the VSB's Community Schools Teams is to provide targeted / universal programs and services that directly support students in the following ways:

- Attendance
- Academics
- Social Emotional Learning
- Community connectedness
- Grade to Grade Transitions

Recognizing that some students may need additional supports in one or more of the above areas during out of school time, our Community Schools Team accepts student referrals from school Administrators and support staff for participation in WCP.

Referred students are given priority when registering in our programs, and remaining spots are made available to the general student body during scheduled in-person registration sessions on a first come first served.

We recognize that Windermere Community Programs are incredibly popular in our community, and this is why our team is continually exploring new possibilities for partnerships aimed at bringing new resources and programs into our schools.

Thank you for your continued support of our programs. For more information about the VSB's Community Schools Teams and our mandate, please go to: www.windermerecst.com.

If you have questions or comments, please do not hesitate to contact us.
