For Terry Fox

We should run for Terry Fox because it shows that you care about all the people who are dealing with cancer. Terry Fox's life was never fair, but he still lived it and he never quit even though he got cancer and he had only 1 leg. Incredibly Terry almost ran half way across Canada before his cancer returned and he became too sick to continue. Terry Fox was a brave guy.

When we consider donating to the Terry Fox Foundation, we are not just helping the foundation, we are helping to find a cure for cancer.
