

Numeracy Assessment

As part of the updated graduation requirements, students in the 2018 Graduation Program (students graduating in June 2019 and beyond) will be required to write a provincial numeracy assessment. The first writing of this assessment was held at GISS in January for students finishing a mathematics 11 course in the first semester.

[Pre-assessment activities](#) are available for students to explore the assessment ahead of time, and activate their thinking, such as the sample assessment and collaborative-learning videos.

[Reminder] **Assessment Day: JUNE 22- 28- Schedule** TBA Check Bulletin!

- **Common component:** 24 questions answered online by all students
- **Student-choice component:** 2 long-response questions answered on paper. These questions stem out of the information and work the student will have completed in the common component. Students get to pick 2 of 4 possible questions, based on their interest, and take their analysis deeper.
- **Self-reflection component:** answered online (not marked)
