

Education and the Brain Speaker Series

DESCRIPTION

1. After this talk your brain will not be the same: Adventures in Neuroplasticity

Speaker: Dr. Lara Boyd, PhD

Location: Vancouver Technical Secondary School Auditorium

Date/Time: November 21, 2018 6:30pm – 7:30pm

2. Bilingualism and Brain Health in Children

Speaker: Dr. Rachel Weber, PhD

Location: Vancouver Technical Secondary School Auditorium

Date/Time: December 4, 2018 6:30pm – 7:30pm

3. Social and Emotional Learning in Children

Speaker: Dr. Kimberly Schonert-Reichl, PhD

Location: Vancouver Technical Secondary School Auditorium

Date/Time: January 22, 2018 6:30pm – 7:30pm

Location: Vancouver Technical Secondary School Auditorium
2600 E. Broadway, Vancouver BC, V5M 1Y5

Doors will open at 6:00 for all with presentations beginning at 6:30. These talks are geared to parents and teachers who are interested in learning how education changes the brain. They will provide information on what behaviours improve brain health and promote learning, how bilingualism affects cognitive function and how social and emotional learning impacts education and achievement.

Tickets will be sold at the door pending availability but seating is limited so registration is suggested. Registration and ticket purchases at: <https://www.eventbrite.ca/e/education-and-the-brain-speaker-series-tickets-51077491151>

Cost: \$10.00/session or \$25 if registered in advance for all three*

*** All proceeds will support students of Laura Secord Elementary and help fund a Quebec Exchange for those in French Immersion.**

Thank you for your support!
