

Become a host family.

JOIN THE LANGARA COLLEGE HOMESTAY PROGRAM

Hosting an international student is a rewarding experience enjoyed by many families. With over 31 years of experience, the Langara Homestay Program has helped more than 35,000 international students find the right home in the Lower Mainland.

We have opportunities starting immediately, and families are compensated at an average of:

- \$850 monthly for a College-age student
- \$950 monthly for a high school student

Students in the program are studying at Langara College or within the Vancouver School District. They come from all over the world to study in the Lower Mainland, with stays ranging from two weeks to ten months.

Families are supported by the experienced team at Langara who provide comprehensive orientation and assistance throughout the homestay period. Get in touch with us today for an application.
